It's nice to see you.  
For the first time or again and again.

We like the simple things. Because they are the most beautiful and often play to all senses. Our ambience connects the warmth of centuries-old Pohorje spruces with contemporary design and upgraded cult objects. It's sunny, spacious and free. Like Van Gogh's "Café Terrace at Night", which excites, calms and promises an experience. Also a culinary one.

We carefully selected the flour from which we are preparing the dough for which rising requires one day and one night, waterless tomato sauce and selected mozzarella with just the right amount of fat. Our pizza bakers are artists who are in love with pizza, and the chosen team loves people. The baking oven is a hot, cold beer by the family brewery Schweiger, which we are the only ones serving, has slowly matured.

Take your time.

Bon appétit and cheers!
